## Smart Business: Report Recycling Efforts

The S.C. Smart Business Recycling Program offers an online reporting system that is FREE and CONFIDENTIAL called [Re-TRAC Connect](#) . Reporting is done by fiscal year so keep track of your recycling activities from July 1 to June 30. Please report your efforts and help the state reach its recycling goal of 40 percent by 2020. Data is included confidentially by county and material type in the [annual report](#) .

Watch the webinar below for reporting information and a tutorial on how to register and use Re-TRAC Connect.

Businesses not able to use Re-TRAC are encouraged to download and use a [fillable PDF](#).

# Thank you
