

## Global Circle Recycling

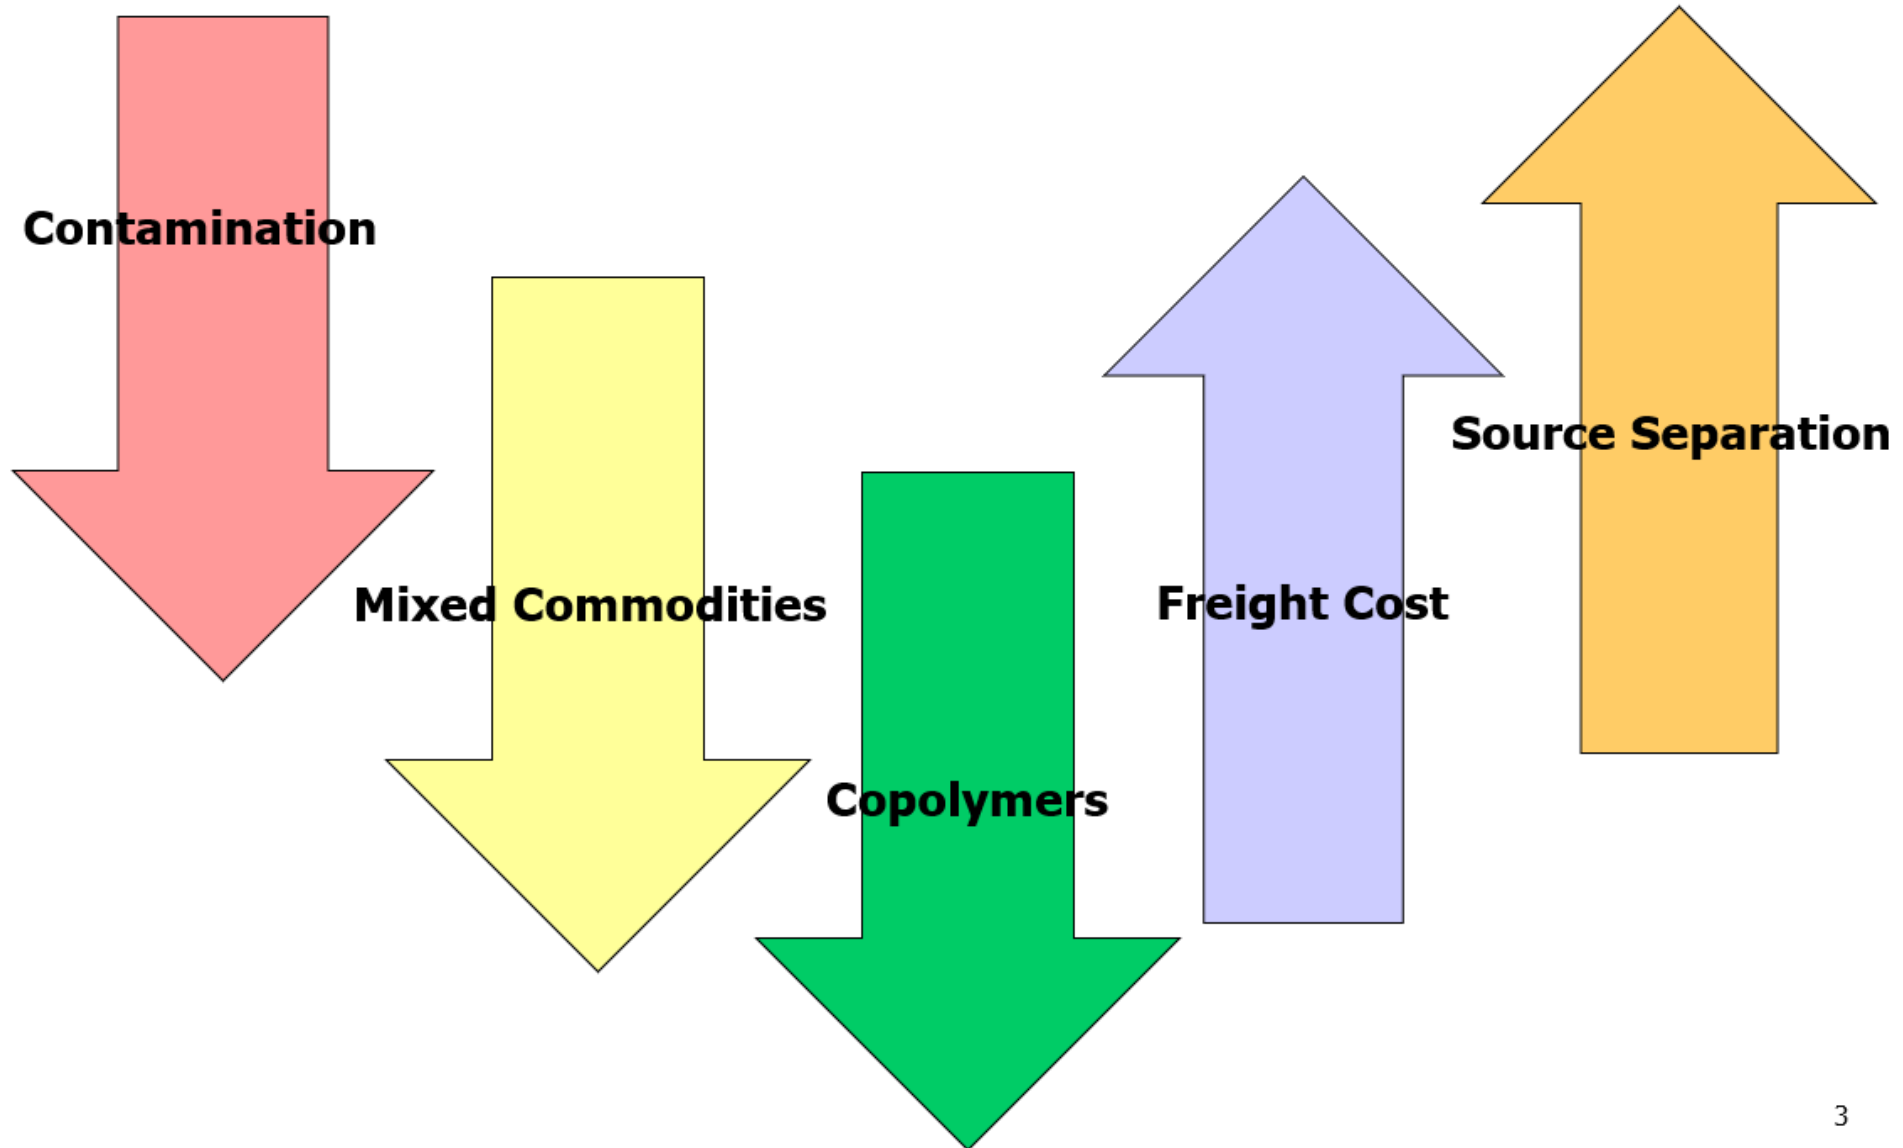

## Setting Up for Success

## Company Overview

- Global Circle Recycling (GCR) is a full-service asset based recycling company that handles plastic, paper, metal, pallets, and cardboard products throughout North America. **Our Mission is to reduce the world's environmental footprint by using and supplying renewable resources used by people every day.**
- 30 plus years of combined packaging and recycling experience. A trusted and reliable source for ensuring the safe and ethical processing of recycled materials. GCR provides best practices, sustainability, and complete back-end processing services for the removal of products.
- We have a flexible model with the capability to deliver rapid solutions and recycling niche product grades.

# Setting Up for Success

There are several key factors that impact the value of the materials recycled.

# Plastics

**Key watchouts that can be impeded plastic recycling, but are not limited to:**

## **Post Industrial / PCR**

- LDPE Clear Film
- LDPE Film MC
- PET Bottles
- HDPE Colored
- HDPE Natural
- PET clear or colored
- HDPE Drums & Buckets

## **Plastic Pallets**

- Plastic Pallets – 48 x 40 size

# Metal

**Key watchouts that can be impeded metal recycling, but are not limited to:**

## **Post Industrial / Commercial**

- Aluminum
- Cast Iron
- Stainless Steel

## **Precious Metals**

- Rhodium
- Palladium
- Platinum

# Paper

**Key watchouts that can be impeded paper recycling, but are not limited to:**

## **Paper Grades**

- OCC (Old Corrugated Cardboard)
- Kraft Paper
- SWL (Sorted White Ledger)
- SOP (Sorted Office Paper)
- ONP (Old News Print)
- HWE (Hard White Envelope, Copy Paper)
- SBS – Unprinted, Lightly Printed, or Heavy Print
- Pre-consumer Tissue Bales
